DE, AT, CH, LU: Sicherheitshinweise

Bitte befolgen Sie diese Sicherheitshinweise genau, um Gefahren und Schäden für Menschen und Sachwerte auszuschließen.

Zielgruppe
Diese Sicherheitshinweise richten sich an den Bediener der Heizungsanlage. Dieses Gerät kann auch von Kindern ab 8 Jahren und darüber sowie von Personen mit verringerten physischen, sensorischen oder mentalen Fähigkeiten oder Mangel an Erfahrung und Wissen benutzt werden, falls sie beaufsichtigt oder bezüglich des sicheren Gebrauchs des Geräts unterwiesen wurden und die daraus resultierenden Gefahren verstehen.

Bedingungen für den sicheren Betrieb

- Beachten Sie die Bedienungsanleitungen Ihrer Heizungsanlage.
- Das Gerät nur in Innenräumen montieren.
- Das Gerät darf nicht mit Wasser in Berührung kommen.

Gefahr
Beschädigte Geräte gefährden Ihre Sicherheit.
Nehmen Sie ein beschädigtes Gerät nicht in Betrieb.
Instandsetzungsarbeiten am Gerät sind unzulässig.
Wenden Sie sich an Ihren Fachbetrieb.

Gefahr
Medizinische Hilfsmittel, z. B. Herzschrittmacher können gestört werden durch Funksignale. Bitte informieren Sie sich beim Hersteller des medizinischen Hilfsmittels.

Entsorgung
Gerät im Elektromüll (nicht im Hausmüll) entsorgen.

US/CA: Information to the User

NOTICE: This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTICE: Changes or modifications made to this equipment not expressly approved by Viessmann may void the FCC authorization to operate this equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
■ Reorient or relocate the receiving antenna.
■ Increase the separation between the equipment and receiver.
■ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
■ Consult the dealer or an experienced radio/TV technician for help.

Radiofrequency radiation exposure Information:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body.
This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Radio Transmitter Information:
This device includes a radio transmitter operating in the 2405-2480 MHz band to connect to the central unit.

GB, US, CA: Safety instructions

Please follow these safety instructions closely to prevent hazards, injury and material losses.

Target group
These safety instructions are intended for heating system users. This appliance can also be operated by children aged 8 and older, as well as by individuals with reduced physical, sensory or mental faculties or those lacking in experience and knowledge, provided such individuals are supervised or have been instructed in the safe use of this appliance and any risks arising from it.

Conditions for safe operation

- Observe the safety instructions for your heating system.
- The appliance must only be installed indoors.
- The appliance must not come into contact with water.

Danger
Damaged equipment poses a safety hazard.
Never start up a damaged appliance.
Repair work on the appliance is not permitted.
Consult your contractor.

Danger
Wireless signals can interfere with medical devices, e.g. pacemakers. Please consult the manufacturer of the medical device.

Disposal
Dispose of the appliance as electrical waste (non-domestic waste).

FR, BE, CH, CA : Consignes de sécurité

Veillez suivre scrupuleusement les présentes consignes de sécurité afin d'exclure tout danger et dommage pour les personnes et les biens.

Destinataires
Les présentes consignes de sécurité s'adressent à l'utilisateur de l'installation de chauffage. Cet appareil n'est pas destiné à être utilisé par des personnes (y compris des enfants) présentant des capacités physiques, sensorielles ou mentales diminuées, voire manquant d'expérience et de connaissance. Si toutefois cela devait être le cas, ces personnes devront, pour leur sécurité, être surveillées ou informées du mode opératoire par une personne habilitée.

Conditions de fonctionnement fiable

- Respectez les notices d'utilisation de votre installation de chauffage.
- Ne montez l'appareil qu'à l'intérieur.
- L'appareil ne doit pas entrer en contact avec de l'eau.

Danger
Des appareils endommagés présentent un risque pour votre sécurité.
Ne pas mettre un appareil endommagé en service.
Il est interdit de procéder à des travaux de réparation sur l'appareil.
Veillez contacter votre installateur à ce sujet.

Danger
Des dispositifs médicaux (par exemple des stimulateurs cardiaques) peuvent être perturbés par les signaux radio. Veuillez vous renseigner à ce sujet auprès du fabricant du dispositif médical.

Elimination des déchets
Eliminer l'appareil avec les déchets d'équipements électroniques (pas avec les ordures ménagères).
